

Make Arrangements Now

We recommend that you make your burial arrangements now, when you can do so calmly and thoughtfully. Our experience has shown that families benefit from "before need" arrangements because it allows you the time to discuss your choices together with your family and make the decisions that are right for you. Your family will not be left wondering exactly what type of service you would have wanted.

By making arrangements in advance, you can also secure today's pricing, protecting your family from future price increases at a time of crisis. This is an important feature if you are on a fixed income or planning for retirement.

Making arrangements before need allows you to:

- Make sure your final wishes are fulfilled
- Ease the financial burden on your family
- Have peace of mind

Consider making burial arrangements in advance.

The bodies of the dead must be treated with respect and charity, in faith and hope of the Resurrection. The burial of the dead is a corporal work of mercy; it honors the children of God, who are temples of the Holy Spirit.
